Let us do these activities before we read.

1. What do you know about yoga?

2. What is 21st June known for? What do we do on this day?
3. List as many words you know related to yoga. Share them with your classmates.

Let us read

Yoga is a physical, mental, and spiritual practice that **originated** in ancient India. The word 'Yoga' comes from the Sanskrit root 'yuj', which means 'to join' or 'to unite'. This symbolises the unity of mind and body; thought and action; **harmony** between human and nature. It is a holistic approach to health and well-being.

Sage Patanjali presented the ancient tradition of yoga in a systematic way in 'Yoga Sutras of Patanjali'. He described yoga as the means to make the mind quiet and free from all **distractions**.

Yoga has become increasingly popular around the world due to its many health benefits.

Here are some of the benefits of yoga—

- Yoga postures (*asanas*) help to stretch and strengthen the muscles, increase flexibility, **endurance** and balance. This can improve overall physical fitness. This can also help to reduce body pains, such as lower back pain.
- Yoga involves breathing techniques and meditation, which can help to calm the mind and reduce stress and **anxiety**. It relaxes the mind, improves the quality of sleep and increases concentration.
- Yoga has been shown to **boost** the immune system. It can improve heart health by lowering blood pressure and improving circulation.
- Yoga can aid in weight loss by burning calories, and maintaining health.

Yoga promotes a sense of overall well-being. This is the reason why the benefits of practising yoga are internationally recognised. The World

Health Organisation (WHO) on 20th June 2021, launched an App called WHO mYoga. The app contains a collection of videos and audio files to teach and support yoga practice. The aim was to have an easy-to-use and free tool for people across the world to encourage them to practise yoga.

We can start practicing yoga at any given moment of time. We must remember that when we practice yoga *asanas* (postures), we do not just stretch the body. The mind has to be with the body. This is the reason why it should be practised without distractions. If each stretch is coordinated with the breath and awareness, our practice will become a yogic practice.

CHANGE OF HEART

Good morning, everyone. I know you all are excited about the Friday, friendly matches. This Friday we shall have three matches—one for chess, the next for kho-kho and finally one for badminton. I have put up the kho-kho teams' name list on the sports' notice board. Since this is a team game, your class VI-B shall be playing against the VI-D kho-kho team. The kho-kho match refreshments are being sponsored by Xydium Sports Club. Let me clarify, the spelling is X-Y-D-I-U-M, Xydium.

Now the places for the matches—the first one is chess. It'll take place in the 1st floor activity room with Vani as the scorekeeper. Kho-kho will be played in the sport's ground where I myself will be the referee. For badminton, we have chosen the multipurpose hall on the ground floor hall. The net will be put up there.

For the chess match, it has been decided that this match shall be played between Sarita and Nupur. Two matches will be played during the regular games period on Friday but kho-kho will be played in the 2nd and 3rd period. Remember the kho-kho team names are up on the Sports' Notice Board.

Good luck!

YOGA—A WAY OF LIFE

Namaste everyone!

I wish to share with you all that I do simple yoga exercises with my grandfather. He has been practising yoga since he was 16 years old. My grandfather is fit and strong even at the age of 65. I am sure that this is the result of many good habits. I know that eating a balanced diet regularly and making yoga a part of his life have been hundred per cent effective. When I accompany my grandfather to the park, I see so many people—young and old—doing yogic breathing exercises.

I like doing these exercises. Whenever I'm a little worried about an Inter-House competition, I always remember to do some of these exercises early morning that day. It relaxes me and makes me feel focused and calm. I plan on learning some *asanas* from my grandfather during the summer vacations.

Wish me luck!

catch me. What am I?

Three letters in my name;
Backwards-forwards
it's the same.
I am a body part.
